

Techno Drill TD308

Techno Drill

TD308

This remarkable rig can drill 350mm diameter holes in just about anything.

The rig can operate inside buildings and tunnels with its remote power pack design. Its small size has given contractors greater flexibility in hole placement and design.

Existing structures can now be worked around rather than removed, thus saving time and expense.

Technical Data

Manufacturer	Technodrill
Track width	725 / 1000mm
Max torque	8000Nm
Max speed	126rpm
Stroke	1.4m
Extraction force	5000kg
Crowd force	5000kg
Length	2100mm
Width	750mm
Height drilling	2200mm
Height tracking	1500mm
Weight	1500kg
