

Soilmec SF55

Soilmec SF55

The SF55 drilling rig, is the next generation of the Continuous Flight Auger drilling rig.

It's outstanding features are:

- New DMS (Drill Mate System) 12" touch screen dashboard.
- Cloud based pile data downloading.
- Latest ECO tier IV engine.
- Manufactured in 2020.
- Radio controlled lorry loading.

Technical Data

Total length when rigged	7650mm
Track width	700mm
Total width (extended)	4000mm
Total width (retracted)	2500mm

Drilling Performances

Maximum pile depth	27.5 metres
Maximum pile diameter	750mm

Weight

Operating weight	37.2 ton
Transport weight	35.7 ton

Transport Dimensions

Width	2550mm
Length	16,266mm
Height	3781mm
